

H.R. Frink Conservation Area

Local school boards operate the outdoor education centre located at this 138 hectare (341 acres) Conservation Area. This Conservation Area offers close to 13km of trails through a variety of habitats. Many of the trails begin right at the main parking lot, radiating out into several different directions.

The Drumlin Trail, for example, will take you around the major land feature of the area, through a deciduous forest, providing a look at the Moira River and Parks Creek. From there, cross a long boardwalk across an impressive silver maple swamp, and take any number of trails back to the parking lot.

Don't forget to explore the other side of Thrasher Road where more Frink Centre trails will introduce you to even more features of the property. You can find horsetails and orchids on the 2-km Horsetail Trail, or check out the secretive wetland inhabitants on the 500-metre Wetland Ecology Boardwalk that crosses a Provincially Significant Wetland. All the different

scenery makes this Conservation Area an excellent destination for photographers.

The main parking lot gate closes at 4pm weekdays with walk-through access available every day. The south parking lot is open daily dawn to dusk.
