

PROTECTING FREEDOM AND DEMOCRACY

Brian Jean
Here for Albertans!

A Brian Jean government will protect freedom and democracy.

Brian will:

Implement recall legislation immediately

Hold a referendum by municipality on the use of photo radar by next municipal election

Hold a referendum to force constitutional discussions on equalization

Protect freedom of speech on campus; and

Ban the use of union dues for partisan activities and restore the secret ballot for certifying a union

Despite never getting a mandate from the people of Alberta, the NDP rammed through a multi-billion dollar carbon tax just as tens-of-thousands of Albertans were losing their jobs.

NDP MLAs across Alberta rush to toe the party line on controversial bills that go against the interests of their constituents. There's no better example than Bill 6 when farmers and ranchers stormed the legislature while rural NDP MLAs shut down debate to vote it through.

Too often, halls of unelected bureaucrats are making decisions that impact the lives of millions of Albertans without any accountability.

And despite being in government for only two years, we have rapidly seen an attitude of dripping arrogance and condescension from the NDP towards anyone who disagrees with them.

A Brian Jean government will be here to protect freedom and democracy and put power back into the hands of ordinary Albertans across the province.
