

# IDOT MULTI-YEAR PLAN

## REBUILDING OUR MYP

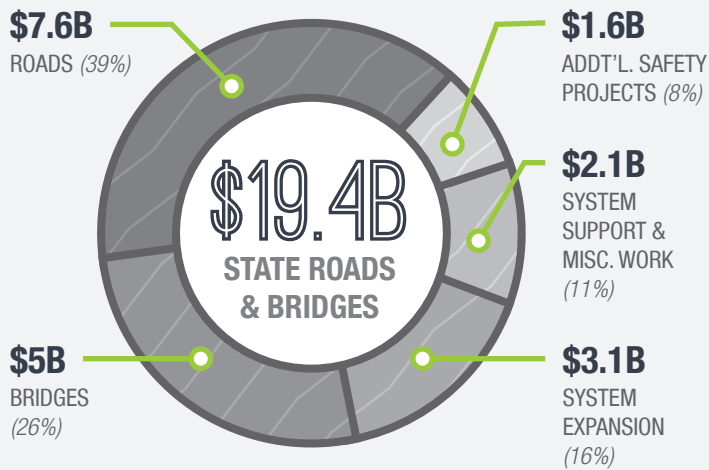

Rebuild Illinois puts the Illinois Department of Transportation back in the business of building a premier system of transportation. IDOT's new multi-year plan, covering fiscal years 2020-2025, is the first to capture the historic impact of Gov. Pritzker's capital program.

## HOW REBUILD ILLINOIS HELPS

Doubles the size of the previous MYP:

### FIXING THE STATE'S ROADS AND BRIDGES, A BREAKDOWN

### DEVELOPING THE MULTI-YEAR PLAN

This MYP relies on strict federal standards and guidelines for selecting projects to move forward.

**Relies on data** collected out in the field to guide decision making and project selection.

**Prioritizes maintenance** of key assets – no longer “worst first.”

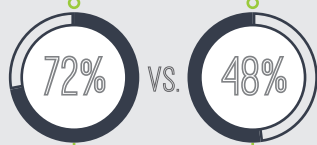

**Saves money** in the long run by investing in maintenance to avoid more costly repairs later.
