Welcome to the 9th annual Henson Media Sports Guide! There is much effort that goes on behind the scene to make this book happen, so many thanks to all of the hard work by the team at Henson Media stations WSON-FM/AM, WMSK/WUCO and WREF (ESPN97.7 "The REF") to make this Sports Guide a reality! Also, many thanks to all of the sponsors who have enabled Henson Media to provide this Sports Guide to you free of charge. If you could, we would certainly appreciate it, if you would say thanks by shopping with them!

Our stations strive to provide a variety of news, weather and information of interest to our local communities, and sports are a real passion of our company and a big part of who we are. In a normal year, through these stations, our websites and our apps, we broadcast play by play coverage of close to 1,000 sporting events, as well as thousands of hours of sports talk shows. As a big sports fan, being able to combine a love of sports and a love of radio is a dream come true.

The 2022/2023 sports year contained many highlights that involved teams that we cover. These included Henderson County High School teams that reached the State Final Four in baseball, softball, and girls' basketball. The Union County football team went undefeated during the regular season and finished 12-1, while the wrestling team was state runner-up. Congratulations to the following state champions from the Evansville area: Mater

Dei 2A football, Memorial girls 2A soccer, Tecumseh 1A softball and North Posey 2A softball. Also, hats off to the University of Southern Indiana Men's Basketball team, which had a successful inaugural season as a Division I program, finishing only two games away from second place in the Ohio Valley Conference.

Ed Henson, Owner

The Indiana University Women's basketball team won the Big Ten championship and went 26-2 during the regular season, while both the University of Kentucky and Indiana University Men's teams made the NCAA tournament and won their first game, with hopefully more to come in the near future. It was fun to see the Cincinnati Reds be surprisingly competitive in 2023 and while the St. Louis Cardinals had a bump this season, we would expect them back next year. In the biggest game of the year, the Kansas City Chiefs won the Super Bowl again in 2023, which was heard on WREF.

As we start another sports year with high school and college teams, best wishes from Henson Media to everyone involved as a player, coach, administrator, supporter or fan! As someone who ran track and cross country in high school and college, best wishes to everyone who is playing for the "love of the game!"
