

Stand For **H.E.R.**  
Health Equity Revolution

## PATIENT CARE CENTER

### **BLACK WOMEN** are about **40%** more likely to die from breast cancer than white women.

At Susan G. Komen, we believe in equitable access to breast health care for everyone. You can count on us to be your go-to source for timely breast health information, services and resources through our program **Stand for H.E.R. – a Health Equity Revolution.**

Our **culturally responsive navigators** are here to support you with:

- » **Answers** to questions about your breast cancer risk
- » **Emotional support** and guidance in addressing feelings and other concerns
- » **Information** about breast cancer screening, treatment options, clinical trials, and genetic counseling and testing
- » Access to no-cost **screening mammograms and diagnostic services** based on income eligibility
- » **Financial assistance** if you're an income-eligible breast cancer patient in treatment or living with metastatic breast cancer
- » **Navigating the health care system**, including communicating with your health care providers, understanding treatment options and accessing the support services you need

**At Komen, we are committed to partnering with you – wherever you are on your breast health journey.**

### **Get help through our Breast Care Helpline:**
