

CURRENT LIST FOR JULY 28 at 4 p.m. to JULY 29 at 4 p.m., 2020

All patients coming from communities or health facilities that are being considered **areas of concern for COVID-19 (areas of elevated activity)** will be placed on droplet/contact plus precautions for 14 days from their last exposure.

This includes patients, residents and clients coming to outpatient settings, emergency departments, all new inpatient admissions, continuing care, EMS, home care and primary care.

This list also applies to visitor and health care workforce daily screening. Please see screening information on saskatchewan.ca/covid19-providers for more details.

The information in this list will only be considered current for 24 hours.
