

Backgrounder

Canada and Saskatchewan invest in infrastructure projects to strengthen communities

Joint funding through the Green Infrastructure, Community, Culture and Recreation, and the Rural and Northern Communities streams of the Investing in Canada Infrastructure Program will support 25 infrastructure projects across the province.

The Government of Canada is investing more than \$10.8 million towards these projects and the Government of Saskatchewan is contributing more than \$8.9 million. Recipients are contributing more than \$7.6 million and are responsible for any additional costs.

Location	Project Name	Details	Federal Funding	Provincial Funding	Recipient Funding
Rural Municipality of Big Stick No. 141	RM of Big Stick No.141 - Bridge Replacement	This project will replace the existing 12.2 metre treated timber bridge with a new culvert.	\$161,874	\$323,651	\$485,525
Rural Municipality of Biggar No. 347	RM of Biggar No.347 - Palo Bridge Replacement	This project will replace the existing 24.4 metre treated timber bridge with new culverts.	\$85,442	\$170,833	\$256,275
